

KAUAI POLICE ACADEMY APPLICATION FORM

The Kauai Police Department will be conducting basic police recruit training on the Kauai Community College Campus beginning on March 18, 2002. The training program will last approximately 6 months long and include all of the courses currently instructed in traditional recruit training programs. In addition, there are 3 college courses included in the curriculum to enhance the level of training.

There are two options available to applicants who are interested in becoming police services officers with the Kauai Police Department. The options are as follows:

Option A. This option follows the traditional method of seeking employment with the county of Kauai. Applicants are asked to fill out the standard employment application forms. The applicant must then follow the eligibility testing process until deemed suitable for employment, whereupon the successful applicant is hired as police services when the next scheduled police recruit training class is convened. The newly hired employee then undergoes approximately 6 months of academic and physical training.

Option B. Option B allows applicants to enter the Police Training Academy prior to completing the lengthy employment process and not having to wait for an entire subsequent police recruit class to begin. Student recruits (those persons that have yet to be hired by the Kauai Police Department as Police services officers) will be allowed to enter into this training program based on space availability and employment suitability. (Please refer to the Police Academy Pre-screening requirements form to determine your eligibility for employment as a police officer with Kauai Police Department.) Applicants are asked to fill out the standard employment application forms if they are interested in seeking employment with the Kauai Police Department. Those individuals planning to seek employment with other agencies should file application forms with the respective agencies that they are interested in. Those applicants meeting the minimum employment standards as set forth in the Police Academy Pre-screening requirements form will be considered for immediate available vacancies in the upcoming recruit training class. It will not be necessary for option B applicants to have completed the applications/ testing process to enter into the Police Academy as a student recruit. Candidates who meet the minimum Police Academy Pre- Screening requirements will be allowed to attend the Kauai Police Academy at Kauai Community College at their own expense as student recruits on a "non- employed" status.

All those that successfully complete the Police Academy training will be awarded a certificate of completion. Option A. graduates will then enter the Field Training Officer (F.T.O) Program as sworn police services officers. Option B. graduates may be hired as police services officers as soon as they successfully complete the application/ testing process and are selected for employment by the Kauai Police Department. They may then go on to F.T.O training, as sworn police services officers after graduating from the Kauai Police Academy.

Note: the Kauai Police Department and/or the County of Kauai do not guarantee Option B. candidates employment, even after successfully completing the Police Academy training.

Those applicants that meet the Pre-Screening Requirements and who are interested in pursuing Option B. recruit training at their own expense should fill out this form. Applications should be postmarked no later than March 1, 2002. Applications should be mailed or delivered to the Training Section, Kauai Police Department, 3060 Umi Street, Lihue, HI, 96766.
